# WCC Turf Maintenance

## Course Reminders:

- Fill Divots with Sand and Seed, seed will germinate this spring
- Return empty sand and seed bottles to racks on 1/11
- Ballmarks still need to be repaired during the winter, as healing virtually stops during this time

## Course Conditions

Decisions regarding course closures and cart path restrictions will be posted under current conditions on our website at [www.wamegogolf.com](http://www.wamegogolf.com), These updates will be kept current up to the minute. Please feel free to check the website under current conditions to check on course availability.

## Regarding Winter Play:

There are many variables that have to be considered when making the decision to open the course for play in the winter months. WCC Turf Maintenance does not take the responsibility of this decision lightly. Sometimes closing the course is not an easy decision to make, but the maintenance team must be willing, however reluctantly, to displease the members and be criticized and spoil a few days of play rather than multiply the bad days of the future.

## Guidelines for course opening:

Air temperature must be above freezing

If the greens are frozen and are unlikely to thaw during that day the course can be opened

If the temperatures are likely to be above freezing, the frost line in the greens must be 3 inches deep to open for play

### Super Bowl Sunday Party

#### **Sunday, February 1st**

Couples count up dart tournament with prizes will start at 3:30 pm.

Chili cook-off between Rich & Jeff with complimentary bowls starting at 5:00 pm

Game Time: 5:30 pm
